

Enrollment Services

May Pyae

Submitted by Azalea Corral

We have selected May as our 2025-2026 Outstanding Student of the Year due to her contributions to the Enrollment Services department. May's near photographic memory allows her to help students using information she heard one time, no matter how long ago. In her Lead role, she shares this information with her fellow student workers as they search for answers to questions that students come to our department looking for. She constantly receives positive feedback from prospective students and families that she leads on campus tours, with remarks that she was very informative, friendly, and has solidified student's choices to attend SBCC. In addition to May's sharp memory, her quick wit keeps our spirits uplifted, especially during our hectic periods.
