

Student Equity & Engagement Programs Basic Needs Center

Liliana Shi

Submitted by Miguel Cruz and Alondra Lazaro-Gonzalez

Liliana has been an exceptional student and student worker for the past year and a half. Along with having an impressive GPA and an unmatched work ethic, Lili has consistently gone above and beyond to help students and her peers at every chance she gets. During the summer, she played an instrumental role in the drafting of a new game plan for the 26-27 school year along with our core team of full time and hourly workers. Lili is thoughtful, compassionate, and has a bright sense of humor that brings light to our whole team. We are honored to nominate her as the student of the year to represent the BNC and the rest of our team. She's been perfff!
